

# Indexed Annuity

An Indexed Annuity is a way for those retiring or planning on retirement to diversify their portfolio. An Indexed Annuity protects the value of the principle against a down stock market and may allow policy holders another source of income for life.

*"Until I became an Associate with Tranont, the extent of my very limited knowledge of retirement strategies had been applied to 401Ks and Rollover IRAs. I was very surprised and pleased to hear how annuities work and how much it benefited me, especially where retirement was concerned."
